

117TH CONGRESS
1ST SESSION

S. 3337

To protect Native children and promote public safety in Indian country.

IN THE SENATE OF THE UNITED STATES

DECEMBER 8, 2021

Mr. LUJÁN (for himself and Ms. SMITH) introduced the following bill; which was read twice and referred to the Committee on Indian Affairs

A BILL

To protect Native children and promote public safety in Indian country.

1 *Be it enacted by the Senate and House of Representa-
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Native Youth and
5 Tribal Officer Protection Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) American Indians and Alaska Natives are
9 2.5 times more likely to experience violent crimes
10 and at least 2 times more likely to experience rape
11 or sexual assault crimes.

1 (2) The vast majority of American Indian and
2 Alaska Native victims, 96 percent of female and 89
3 percent of male victims, report being victimized by
4 a non-Indian.

5 (3) According to a 2010 Government Account-
6 ability Office report, United States Attorneys de-
7 clined to prosecute nearly 52 percent of violent
8 crimes that occur in Indian country.

9 (4) More than 4 in 5 American Indian and
10 Alaska Native women have experienced violence in
11 their lifetime.

12 (5) According to the Centers for Disease Con-
13 trol and Prevention, homicide is the third leading
14 cause of death among American Indian and Alaska
15 Native women between 10 and 24 years of age and
16 the fifth leading cause of death for American Indian
17 and Alaska Native women between 25 and 34 years
18 of age.

19 (6) On some reservations, American Indian
20 women are murdered at more than 10 times the na-
21 tional average.

22 (7) Tribal prosecutors report that the majority
23 of domestic violence cases involve children either as
24 witnesses or victims, and the Department of Justice
25 reports that American Indian and Alaska Native

1 children suffer exposure to violence at some of the
2 highest rates in the United States.

3 (8) Childhood exposure to violence has imme-
4 diate and long term effects, including increased rates
5 of altered neurological development, poor physical
6 and mental health, poor school performance, sub-
7 stance abuse, and overrepresentation in the juvenile
8 justice system.

9 (9) Violence against children and crimes associ-
10 ated with dating violence and domestic violence in-
11 crease the number of instances of trauma in Tribal
12 communities, which—

- 13 (A) affects health outcomes;
- 14 (B) reduces educational attainment;
- 15 (C) hinders economic growth; and
- 16 (D) undermines public safety.

17 (10) Domestic violence calls are among the
18 most dangerous calls that law enforcement receives,
19 and the Federal Bureau of Investigation's Uniform
20 Crime Report shows that police officers, including
21 Tribal police officers, are assaulted when responding
22 to disturbance calls more often than under any other
23 circumstances.

24 (11) The complicated jurisdictional structure in
25 Indian country—

1 (A) requires a high degree of commitment
2 and cooperation among Tribal, Federal, and
3 State law enforcement officials; and

4 (B) when that cooperation breaks down,
5 results in a significant negative impact on the
6 ability to provide public safety to Indian com-
7 munities.

8 (12) The Indian Law and Order Commission,
9 established by Congress to review Federal criminal
10 justice policies and practices in Indian country,
11 issued a report in 2013 entitled “A Roadmap for
12 Making Native America Safer” that recommends the
13 restoration of the inherent authority of Tribal
14 courts.

15 (13) Restoring and enhancing local, Tribal ca-
16 pacity to address violent crimes provides for greater
17 local control, safety, accountability, and trans-
18 parency.

19 (14) Tribal communities should be able to pro-
20 tect themselves from dating violence, domestic vio-
21 lence, child violence, and violence committed against
22 members of the Tribal justice system.
